Washington, D. C.

Re: Free World Commission Act

Dear Mr. Earman:

Mr. Frederick C. McKee of Pittsburgh has been good enough to pass on to me your letter to him of December 17, 1958, which was in answer to his letter of December 13th and the enclosed plan proposing the establishment of a Free World Commission and a Free World Academy to develop the science of counteraction and to train civilian and government personnel.

The plan transmitted to you by Mr. McKee was prepared by the undersigned in cooperation with a number of other persons. The document you have was intended as no more than a brief introductory paper. Over many years our group has given detailed consideration to the solution of many of the problems, which we could not incorporate in the paper without making it too cumbersome. If your agency is sufficiently interested, I believe it might be helpful if I or another member of the group here in Orlando meet with Mr. Dulles or his representative so that our proposal could be spelled out in more detail.

We have drafted proposed legislation to activate the plan, and if you are interested, I would be happy to transmit a copy to you.

Sincerely,

AQG/w

(S)
